

PATHWAY TO THE PAST ENGRAVED BRICK FUNDRAISER

Building a pathway to the past for generations to come!

The Stephenville Historical House Museum serves as a pathway connecting the present with the past. Help preserve that pathway for future generations by purchasing a brick.

- Leave a lasting legacy
- Honor friends or family members
- Memorialize someone special
- Celebrate a special event
- Advertise your business

Your gift of one or more engraved bricks will help the museum meet many needs, including maintenance and restoration of the museum's historical structures, improved exhibits, preservation of historical artifacts, and educational programs. Additionally, replacement of the old brick pathway will provide a more beautiful and safe walkway for museum visitors.

Your engraved brick will be placed in the walkway leading from the Berry Cottage to the Carriage House (pictured above).

4 x 8 engraved bricks are \$75 each for individuals and nonprofit organizations, \$100 for businesses (3 lines, 20 characters on each line including spaces). Order *online* by credit card or PayPal! Or use the form provided on the back and pay by check.
